

ADMINISTRATIVE PLAN
OF THE FIFTH JUDICIAL DISTRICT
STATE OF ARKANSAS
JULY 2009

RECEIVED
SUPREME COURT OF APPEALS
CLERK'S OFFICE

2009 JUN -5 P 2:10

LESLIE W. STEEN, CLERK

Pursuant to Administrative Order Number 14 of the Supreme Court of Arkansas and its subsequent amendments, the circuit judges of the Fifth Judicial Districts (Franklin, Johnson and Pope Counties) respectfully offer this Administrative Plan for approval. This plan has been unanimously agreed to by the circuit judges of the Fifth Judicial District as evidenced by their respective signatures below.

The circuit judges of the Fifth Judicial District have unanimously elected the Honorable Dennis C. Sutterfield to a two-year term as Administrative Judge and written notification of the same has been provided to the Chief Justice of the Arkansas Supreme Court as required.

ADMINISTRATIVE POLICY

Case management and administrative procedures of the Fifth Judicial District will be governed by this plan. The circuit judges of the Fifth Judicial District shall meet no less than twice a year to review the implementation and efficiency of this plan. The dates, times and places of said meeting shall be set with the unanimous consent of all of the circuit judges in the Fifth Judicial District. Any future modifications of this plan shall be in writing and shall require the unanimous consent of all of the judges in the district and shall evidence their signatures of approval.

CASE ASSIGNMENT AND ALLOCATION

The process for assignment and allocation of filings in the Fifth Judicial District is set forth below. In arriving at this process, several factors have been taken into consideration which include, but are not limited to, the following:

- a. Limitations on court room space, parking facilities and accommodations available to the public;
- b. Efficient utilization of jury panels;
- c. Equal apportionment of filings based upon past case filing and time frames peculiar to different types of filings;
- d. Limited resources for juvenile filings;
- e. The experience and qualifications of each of the circuit judges in the district;
- f. Limited resources in support staff for different divisions of circuit court including, but not limited to prosecuting attorneys, public defenders, attorney ad litem, juvenile intake officers, juvenile probation officers, adult probation officers, social workers and specialized staff of the Arkansas Department of Human Services;
- g. Cost and expense to each of the counties of the Fifth Judicial District (Franklin, Johnson and Pope) in implementing this plan.

The Fifth Judicial District consists of the three counties:

Franklin, Johnson and Pope. Presently there are four circuit judges who serve the district: Honorable Judge William M. Pearson, Division I; Honorable Gordon McCain, Jr., Division II; Honorable Ken D. Coker, Jr., Division III and Honorable Dennis C. Sutterfield, Division IV.

Pursuant to Administrative Order 14, this plan establishes the

following subject matter divisions in circuit courts of each county of the Fifth Judicial District; criminal, civil, juvenile, probate and domestic relations. This creation of these divisions is for the purpose of judicial administration and caseload management and is not for the purpose of subject matter jurisdiction. The creation of these divisions shall in no way limit the powers and the duties of the judges herein as circuit judges. Under this plan, no circuit judge has been assigned exclusively to a particular division so as to preclude that judge from hearing other filings which may come before him. Furthermore, once a case is filed and a judge is assigned pursuant to this plan, all future matters in that case shall be heard before the same judge.

For the purpose of this plan, "probate" means filings relating to decedent estates, trust administration, adoption, guardianship, conservatorship, commitment, changes of name and adult protective custody. "Domestic Relations" means filings relating to divorce, annulment, maintenance, custody, visitation, support paternity and domestic abuse.

Case assignment under this plan shall be based upon a random designated numbering system made known only to the clerks which mirrors the respective percentages of case assignments designated below. The designated numbering system shall be modified on a random basis with the unanimous consent of all of the circuit judges in the district to insure its purpose of protecting against judge

shopping.

This plan constitutes the best efforts of the circuit judges of the Fifth Judicial District to apportion the business of the circuit courts among each of the judges within the district on as equal a basis as possible. If, at any time, it is determined that a workload imbalance exists which is affecting the judicial circuit or a judge adversely, the plan shall be amended subject to the provisions of Section (3) of this Administrative Order. Based upon the previous case filings for 2008 an estimated projected caseload of each of the circuit judges in the Fifth Judicial District annually is approximately 1700 filings. This plan does not apply retroactively to any filings previously filed and has prospective application only to those filings filed after the date of the adoption of this plan. All filings filed previously to the adoption of this plan have already been assigned a judge and division and shall remain unaffected by this amendment.

Filings in the Fifth Judicial District shall be assigned and allocated as follows:
